

NINETEENTH ANNUAL REPORT
OF THE
MARYLAND BUREAU OF MINES

OF THE
STATE OF MARYLAND

January 1, 1941, to June 1, 1941, State Board of Labor and Statistics

JOHN M. POHLHAUS, Commissioner

**June 1, 1941, to December 31, 1941, Board of Natural Resources
Department of Geology, Mines and Water Resources**

EDWARD B. MATHEWS, Director

CALENDAR YEAR 1941

TO

HON. HERBERT R. O'CONOR

GOVERNOR OF MARYLAND

JOHN J. RUTLEDGE

Chief Mine Engineer

LETTER OF TRANSMITTAL

To His Excellency,

HON. HERBERT R. O'CONNOR,

Governor of Maryland.

SIR:

I have the honor to submit herewith the Nineteenth Annual Report of the Maryland Bureau of Mines for the period of January 1 to December 31, 1941, in compliance with the requirements of the Maryland Mining Law.

Very respectfully,

JOHN J. RUTLEDGE,

Chief Mine Engineer.

REPORT OF THE MARYLAND BUREAU OF MINES 1941

To His Excellency,

HON. HERBERT R. O'CONNOR,

Governor of Maryland.

SIR:

The report herewith submitted is for the calendar year 1941, and is the Sixty-fifth annual report upon conditions of the Coal and Clay mines within the State.

The reports from the various mining operators throughout the State show the tonnage to be as follows:

CLAY AND COAL PRODUCTION

(Net tons, cwt.)

Pick	910,310.07
Machine	912,945.05
Total.....	1,823,255.12

COAL PRODUCTION, ALLEGANY COUNTY

During the calendar year 1941, Allegany County employed 1,206 miners, 110 drivers (this includes motormen, brakemen, etc.), 211 inside laborers, and 114 outside employes, making a total of 1,641 men. The production of coal for the year 1941 was 1,012,891.08. This shows a production of 839 net tons of coal for each miner employed during this period.

COAL PRODUCTION, GARRETT COUNTY

During the calendar year 1941, Garrett County employed 637 miners, 101 drivers (this includes motormen, brakemen, etc.), 72 inside laborers, and 106 outside employes, making a total of 916 men. The production of coal for the year 1941 was 704,324.05 net tons. This shows a production of 1,105 net tons for each miner employed during this period.

FIRE CLAY PRODUCTION

During the year 1941 the fire clay mines in Allegany County employed 116 miners, 11 drivers, 21 inside laborers and 30 outside employes, making a total of 178 men. The production of clay during the calendar year was 106,039.19 net tons, a very considerable gain over 1940.

TONNAGE PER FATALITY—ALLEGANY COUNTY

Four (4) fatal accidents occurred in Allegany County during the calendar year 1941, making 253,223 net tons of coal produced for each fatal accident; number of fatalities per 1,000 employes 2.437; number of fatalities per 1,000,000 net tons of coal produced 3.949.

TONNAGE PER FATALITY—GARRETT COUNTY

Two (2) fatal accidents occurred in Garrett County during the calendar year 1941, making 352,162 net tons of coal produced for each fatality; number of fatalities per 1,000 employes 2.18; number of fatalities per 1,000,000 net tons of coal produced 2.839.

TONNAGE PER FATALITY FOR ENTIRE STATE

During the calendar year 1941 there were 286,202 net tons of coal produced for each fatal accident; fatalities per 1,000 employes 2.346; number of fatalities per 1,000,000 tons of coal produced 3.494.

**WEIGHMASTER LICENSES FOR THOSE WEIGHING
SOLID FUEL**

During the year 1941, in compliance with the provisions of Chapter 349 Maryland Laws (1937) the Bureau continued to inspect the weigh scales of all those engaged in weighing solid fuel in the State of Maryland, outside the City of Baltimore, 107 truck scales being tested and 7 were retested.

From the inception of the work under this Law, November 23, 1937 up to and including December, 1941, 1,856 weighmaster licenses were issued by the Bureau, the fee for each license being \$10.00, and this money was turned over to the State Treasurer.

From January, 1941, to December, 1941 inclusive, 418 weighmaster licenses were issued.

**COAL TRANSPORTED BY THE RAILROADS TRAVERSING
THE WESTERN MARYLAND COAL FIELD
CALENDAR YEAR 1941**

The coal shipments over the Cumberland & Pennsylvania Railroad which traverses the center of the George's Creek coal field, amounted to 593,115 net tons.

There were 652,880 net tons of coal shipped by mines located on the Western Maryland Railway in Western Maryland coal field during 1941. Of this total, 174,065 net tons originated in the George's Creek District.

During the same period mines located on the Baltimore and Ohio Railroad in Maryland made coal shipments amounting to 128,815 net tons.

STATE MINE EXAMINING BOARD**Twentieth Examination for Mine Foremen for Certificates
of Competency****Frostburg, Maryland, August 26-27, 1941****FIRST CLASS CERTIFICATES AWARDED**

702—Jones, William Allison.....	Friendsville
707—Stowell, Edward Austin.....	Grantsville

SECOND CLASS CERTIFICATES AWARDED

698—Cesnick, James Anthony.....	Lonaconing
700—Deshong, Melvin Kenneth.....	Westernport
709—Harvey, Charles Arthur.....	Swanton

LABOR

The only cessation of labor was when the mines closed down on April 1, 1941, as a result of the failure to negotiate a Joint Working Agreement between the miners and operators. The mines remained closed until May 9, 1941, when nearly all of them resumed operations. Several mines resumed work on April 29, 1941.

PROSECUTIONS

Three miners were prosecuted for shooting coal off the solid in the Tyson coal seam and received penalties amounting to \$10.00 fine and costs of \$1.00. Sentence of fine suspended by payment of costs.

SAFETY ORDERS

A joint Safety Order was issued by the District Mine Inspectors in a small mine where an accident had occurred due to want of timber. After a joint inspection of the mine by the Inspectors and the issuance of the Safety Order the operator complied with the demands of the Inspectors.

PERSONNEL, MARYLAND BUREAU OF MINES*Chief Mine Engineer*

John J. Rutledge.....State Office Bldg., Annapolis, Md.

District Mine Inspectors

Frank T. Powers.....Frostburg, Md.

*Conditions surrounding accident to Henry Glime, Georges Creelk
Big Vein Coal Company, October 20, 1941.*

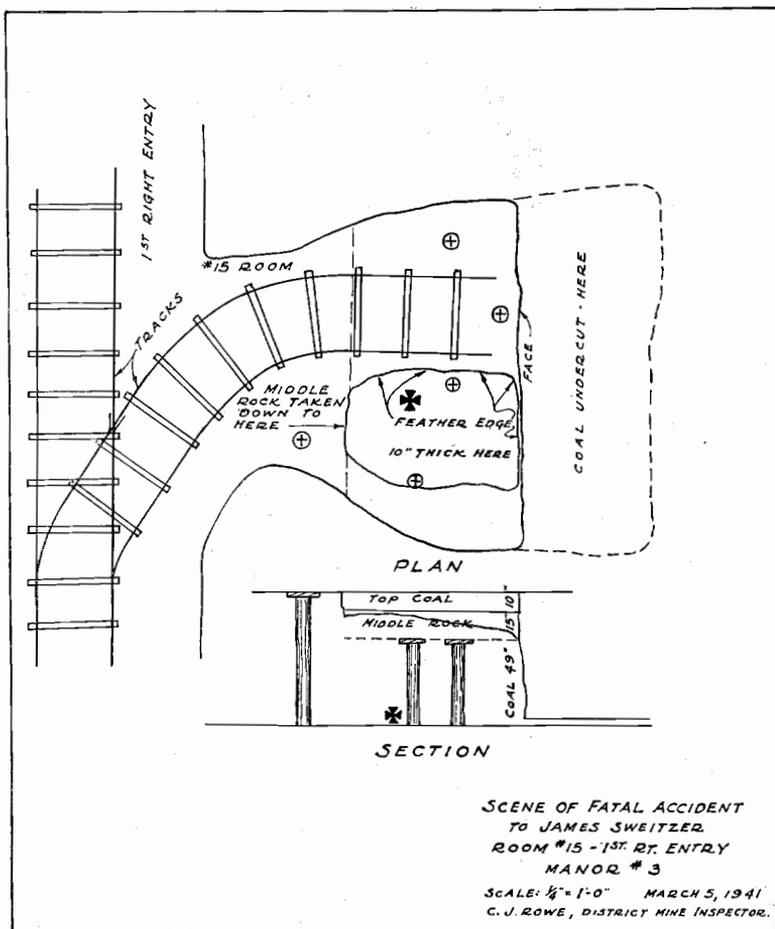

*Conditions surrounding accident to Charles Victor Smith,
Campbell Coal Company, June 24, 1941.*

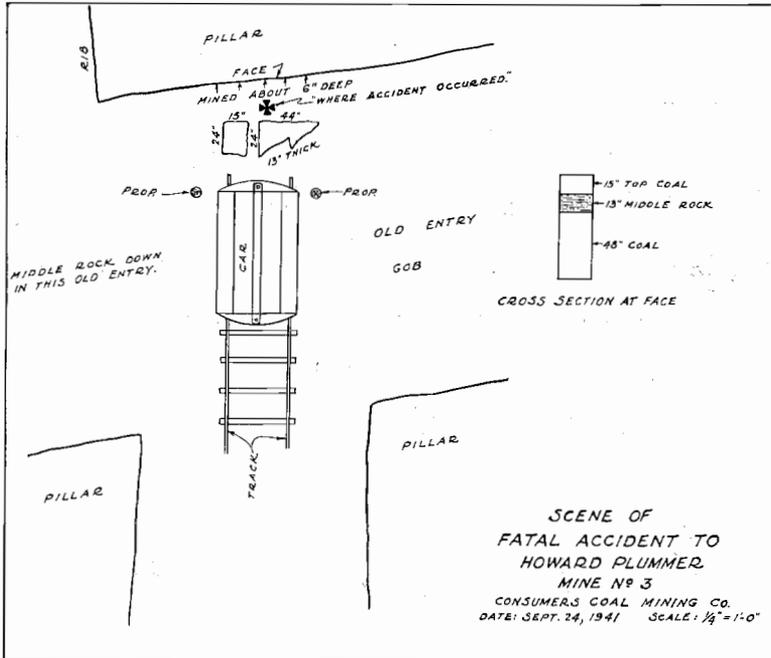

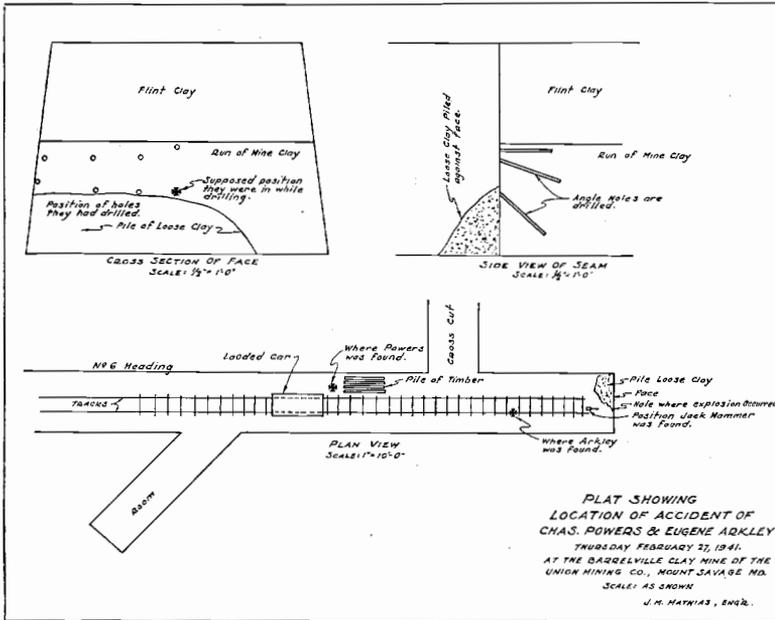

*Conditions surrounding accident to Charles Victor Smith,
Campbell Coal Company, June 24, 1941.*

*Conditions surrounding accident to Joseph Mills,
Georges Creek Coal Co., Inc., March 31, 1941.*

FATAL ACCIDENTS—1941**ALLEGANY COUNTY**

On March 31, 1941, about 2:15 P. M., Joseph Mills, a miner, employed in the No. 2 Big Vein Mine of the George's Creek Coal Company, Inc., Lonaconing, Md., working the Big Vein coal seam, was fatally injured by a fall of roof.

Mr. Mills and John Murphy were breaking off a crosscut near the face of the Tunnel Heading they were driving in order to switch several cars, and had finished their shift, when the roof gave way without warning, catching Mr. Mills, and blocking Mr. Murphy back of the fall for about one hour, when he was released by John Leake, who had come in to work on the night shift. The body of Mr. Mills was released from under the fall at 7:35 P. M., and he had been dead for some time. According to the statement of the doctor he was suffocated.

Time of Accident—March 31, 1941, about 2:15 P. M.

Date of Death—March 31, 1941.

Name of Injured—Joseph Mills.

Nationality—American.

Age—47 years.

Married or single—Married.

Dependents—Wife and 7 children.

Residence—Gilmore, Md.

District Mine Inspector—Frank T. Powers.

Time of inspection and by whom—March 31, 3:30 P. M. by Inspector Powers; April 1, Inspector Powers; Supt. J. P. Stevenson and Mine Foreman Wm. Abbott, Sr.

Remarks—There were no broken timbers within 300-ft. of this fall and according to Mr. Murphy, there was no warning.

Recommendation—That a switch bar be set before breaking off a place, or safety props be set.

On June 24, 1941, 11:00 A. M., Charles Victor Smith, a motorman, employed in the Hampshire No. 2 Mine of The Campbell Coal Company, near Barton, Md., working the Bakerstown coal seam, was fatally injured by a fall of top and side.

The men were loading the last car of a roof fall when a large piece fell from roof and side, which had been tested and considered solid, falling on victim and mine car, the edge of the rock catching the hips of victim on gobbed material, crushing him through the hips. Roof was full of slick slips.

Time of Accident—June 24, 1941, 11:00 A. M.

Date of Death—June 24, 1941.

Name of Injured—Charles Victor Smith.

Nationality—American.

Age—34 years.

Married or single—Married.

Dependents—1.

Inspector in charge of district—Clyde J. Rowe.

Time of inspection and by whom—8:30 A. M. Inspector Rowe; James Walsh and Mine Foreman C. Edgar Simmons.

Recommendation—More care needed in testing roof of this nature.

On September 18, 1941, at 8:15 P. M., Clarence McManus, a miner employed in the Aden Mine, operated by William Brashear, Westernport, Md., working the Bakerstown coal seam, was fatally injured by a fall of bone coal. Piece of bone coal fell from roof, striking victim, fracturing spine.

Time of Accident—September 18, 1941, 8:15 P. M.

Date of Death—January 14, 1942.

Name of Injured—Clarence McManus.

Nationality—American.

Age—27 years.

Married or single—Single.

Residence—Franklin, Md.

Inspector in charge of district—Clyde J. Rowe.

Date and time of inspection—September 19, 1941, by Inspector Rowe and Mine Foreman Thomas Harris.

Recommendation—Inexperienced men should not work alone.

On October 20, 1941, about 9:15 A. M., Henry Glime, a laborer and miner, employed in the Brady Mine operated by the George's Creek Big Vein Coal Company, located on Midlothian Road, working the Tyson coal seam, was fatally injured by fall of roof rock.

Mr. Glime was working with Robert Pfaff on the morning of October 20th. They were loading coal off a corner and had loaded 5 mine cars. Mr. Pfaff had asked Mr. Glime to stamp a hole for him and he was getting ready to bore a hole for a shot. Mr. Glime walked back to the lower side of his place to work when the roof gave way, catching him and crushing his head, killing him instantly.

Mr. Glime was regularly employed as a laborer but he was loading coal at the time of the accident. He had been employed at this mine about a month. This accident was the result of carelessness on the part of the victim as more timber should have been set.

Time of Accident—October 20, 1941, about 9:15 A. M.

Date of Death—October 20, 1941.

Name of Injured—Henry Glime.

Nationality—American.

Age—50 years.

Married or single—Married.

Dependents—Wife and 3 children.

Residence—Frostburg.

District Mine Inspector—Frank T. Powers.

Time of inspection and by whom—October 20, 1941, about 11:00 A. M. by Inspector Powers; Mine Foreman John Brady and Harry Slingloff.

Remarks—This accident could have been avoided if a Standard rule of timbering was being enforced.

Recommendation—Better supervision of the working places.

FATAL ACCIDENTS—1941**GARRETT COUNTY**

On March 5, 1941, at 11:45 A. M., James Sweitzer, a miner, employed by the Johnstown Coal and Coke Company (formerly Manor Coal Company) Manor No. 3 Mine, located at Vindex, working the Lower Kittanning coal seam, was fatally injured by a fall of roof or Middle Rock. The victim was on his knees cleaning and loading coal when a portion of the roof gave way swinging out timber and falling on victim. The piece of rock which fell was an imperfect or false pot. In this section, bone coal adheres to the roof, which interferes with the proper testing by sound or vibration; otherwise, it would have been readily detected.

Time of Accident—March 5, 1941, 11:45 A. M.

Date of Death—March 8, 1941.

Name of Injured—James Sweitzer.

Nationality—American.

Age—21 years.

Married or single—Single.

Residence—Vindex.

District Mine Inspector—Clyde J. Rowe.

Time of inspection and by whom—March 10, 1941, by Mine Foreman Frank Damon; A. G. D. Stewart, Shift Foreman; Clyde J. Rowe, District Mine Inspector.

Recommendation—Greater precaution in testing roof and timbering to required standard.

On September 24, 1941, at 8:15 A. M., Howard Plummer, a miner, employed in the No. 3 mine of the Consumers Coal Mining Company, near Shallmar, Md., working the Kittanning coal seam, was fatally injured by fall of Middle Rock.

Victim had started to mine pillar face, where Middle Rock had been taken down. The mining loosened a piece of Middle Rock which fell on him.

Time of Accident—September 24, 1941, 8:15 A. M.

Date of Death—September 24, 1941.

Name of Injured—Howard Plummer.

Nationality—American.

Age—64 years.

Married or single—Married.

Residence—Dodson, Md.

District Mine Inspector—Clyde J. Rowe.

Time of inspection and by whom—September 25, 1941, 10:00 A. M. by Inspector Rowe and R. C. Blackburn.

Recommendation—Extra precautions must be taken when mining where Middle Rock has been taken down.

FATAL ACCIDENTS
CALENDAR YEAR 1941

There were five (5) fatal accidents occurring during the calendar year 1941. One accident resulted in death which death took place in 1942, and according to rules for collecting statistics this accident was charged back to the time of its occurrence in 1941; hence there are six (6) fatal accidents in the calendar year 1941. All of these were due to falls of roof.

None of these fatalities should have occurred if those in authority and the victims of the accidents had used precautions and provided sufficient timbering. Those due to the falls of pots from the roof are excusable to a certain extent as these pots cannot readily be discerned by the eye nor by the sounding of the roof. However, in most cases a well enforced systematic timbering plan would prevent many of these accidents.

COMPENSATION AWARDED FOR FATALITIES
DURING YEAR 1941

Date of Injury	Victim	Company Where Employed	Direct Payment	Funeral	Total
Sept. 18, 1941	Clarence C. McMannis	Erma L. Brashear Coal Company	\$1,201.43	\$125.00	\$1,326.43
June 24, 1941	Charles V. Smith	Campbell Coal Company	5,000.00	125.00	5,125.00
Sept. 24, 1941	Howard Plummer	Coasmers Coal Mining Company	750.00	125.00	875.00
Oct. 20, 1941	Charles H. Glime	George's Creek Big Vein Coal Company	5,000.00	125.00	5,125.00
March 31, 1941	Joseph H. Mills	George's Creek Coal Company, Inc.	5,000.00	125.00	5,125.00
March 5, 1941	James Sweitzer	Manor Coal Company	1,600.00	125.00	1,725.00
		Total	\$18,551.43	\$750.00	\$19,301.43

REPORT OF VOCATIONAL MINING EDUCATION**School Year, September 23, 1940 to July 26, 1941**

L. C. HUTSON,
R. D. EWING,
Instructors

Report on the Night Mining Classes

The Night Mining Classes conducted by the Maryland Bureau of Mines, in cooperation with the University of Maryland, the State Department of Education and the County Boards of Education of Allegany and Garrett Counties, opened their sessions September 23, 1940, and closed May 24, 1941.

The classes were grouped in two districts, the Upper Potomac District, in charge of Instructor L. C. Hutson, and the George's Creek District, in charge of Instructor R. D. Ewing.

REPORT OF THE UPPER POTOMAC DISTRICT**Organization and Schedule**

The Night Mining Classes were organized and conducted at the following points in the Upper Potomac District:

Vindex:

Number of men enrolled.....	19
Average age of students.....	32.1 years
Average previous educational preparation.....	7.4 years
New men enrolled.....	5

Crellin:

Number of men enrolled.....	45
Average age of students.....	26.6 years
Average previous educational preparation.....	7.6 years
New men enrolled.....	20

Bloomington:

Number of men enrolled.....	17
Average age of men enrolled.....	29.6 years
Average previous educational preparation.....	7.8 years
New men enrolled.....	10

Kempton:

Number of men enrolled.....	23
Average age of men enrolled.....	31.8 years
Average previous educational preparation.....	8.1 years
New men enrolled.....	3

Kitzmilller:

Number of men enrolled.....	39
Average age of men enrolled.....	33.1 years
Average previous educational preparation.....	7.8 years
New men enrolled.....	8

CONCLUSION

The enrollment for this District, for this year as compared to that of last year, is substantially larger, but the attendance failed to show a corresponding increase, due largely to the broken time worked at some of the points where the classes were held.

One of the smaller classes justified its existence by preparing two fulltime students for the 1941 Short Course.

A noteworthy spirit of cooperation was displayed by both students and management throughout the school year.

REPORT OF THE GEORGE'S CREEK DISTRICT**Organization and Schedule**

The Night Mining Classes were organized, in the George's Creek District, at the following points:

Grantsville:		
Number of men enrolled.....	16	
Average age of men.....	31.8 years	
Average previous educational preparation.....	8.5 years	
Lonaconing:		
Number of men enrolled.....	18	
Average age of men.....	31.6 years	
Average previous educational preparation.....	8.2 years	
Barrellville:		
Number of men enrolled.....	14	
Average age of men.....	30.7 years	
Average previous educational preparation.....	8.5 years	
Barton:		
Number of men enrolled.....	29	
Average age of men.....	33.1 years	
Average previous educational preparation.....	8.1 years	
Frostburg:		
Number of men enrolled.....	18	
Average age of men.....	32.2 years	
Average previous educational preparation.....	8.0 years	

CONCLUSION

There was a gratifying increase in both enrollment and attendance in this year's classes as compared to last year. In a general way the classes were well received and supported. Thirty-seven (37) new men were enrolled. This number represents 39 per cent. of the total enrollment.

It is interesting to note that all (100%) of the men enrolled were English speaking Americans (native-born). The work performed by the students who completed the course was of a very high standard.

REPORT OF THE SHORT COURSE IN COAL MINING—1941

The eighteenth annual Short Course in Coal Mining, held at Frostburg, Maryland, conducted by the Maryland Bureau of Mines in cooperation with the University of Maryland, the State Department of Education and the County Boards of Education of Allegany and Garrett Counties, opened June 16, 1941, and closed July 26, 1941.

The six weeks of the Course were held in the Administration Building of the State Teachers' College, at Frostburg, Maryland.

Instruction Staff and Subjects

L. C. Hutson.....	Explosives—Coal Mine Ventilation—Drainage and Pumping—Haulage—Map Reading—Mine Fires and Explosions—Mining Arithmetic—Maryland Mine Law.
R. D. Ewing.....	Electricity Applied to Coal Mining—Map Reading—Coal Mine Gases—First Aid—Mine Rescue—Geology of Coal—Mining Arithmetic—Maryland Mine Law.
J. J. Rutledge.....	Mining Methods.

CONCLUSION

The average age of the students was 36.6 years. The average daily attendance was twelve. Twelve were part time students while ten were full time. Thirteen were enrolled from Allegany County and nine from Garrett County. One outstanding feature was the enrollment of five operators. By reason of intensification of the Map Reading Course the work load carried by the students was probably heavier than at any previous Short Course.

SUMMARY**Night Mining Classes and the Short Course in Coal Mining**

Number of men enrolled.....	260
Average weekly attendance (Night Mining Classes).....	108
Average weekly attendance (Short Course).....	71
Average of age.....	31.2 years
Average previous educational preparation.....	7.9 years
Average attendance percentage.....	46%
Percentage of new men enrolled.....	36%
Percentage of Americans (Native Born).....	100%
Percentage of Miners enrolled (men at the face).....	45%
Total Classes Held (George's Creek District).....	156
Total Classes Held (Upper Potomac District).....	160
Total Classes Held (Short Course).....	160
Total Classes Held.....	476
Average Attendance per Class.....	11.4 men
